## Independent Auditors' Report

Board of Directors  
Bucks County Association for the Blind and Visually Impaired  
Newtown, Pennsylvania

We have audited the accompanying financial statements of the Bucks County Association for the Blind and Visually Impaired (a non-profit organization), which comprise the statement of financial position as of June 30, 2015, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditors' Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Bucks County Association for the Blind and Visually Impaired, as of June 30, 2015 and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### **Report on Summarized Comparative Information**

We have previously audited Bucks County Association for the Blind and Visually Impaired's 2014 financial statements, and in our report dated September 17, 2014, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

### **Other Matters**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedules of Prevention of Blindness Contract #4000016895-3, and Specialized Services, Contract #4000016894-3 on page 20 are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

**NOTE 3. Beneficial Interest in Perpetual Trust**

The Association has been designated the income beneficiary of the assets contained in an irrevocable Perpetual Trust being held by an independent investment manager, in accordance with the Last Will and Testament of Louis C. Spring. The provision of the trust does not give ownership of any amount of principal to the Association. Further, the Association has no voice in the appointment of the investment manager or their investment decisions. The Association receives only quarterly income distributions during each fiscal year. The Association has adopted the accounting treatment for this trust in accordance with *FASB ASC 958-30 Split Interest Agreements*.

Given the nature of the promises, as well as the inability to compute the present value of the perpetual income stream of the trust, the Association recorded \$1,344,316 as a beneficial interest, which is the total fair market value of the principal upon which its income distributions are based as permanently restricted net assets. For the year ended June 30, 2015, the Association received income from the irrevocable trust of \$52,117 which has been included in unrestricted income in accordance with the specifics of the trust in the statement of activities and changes in net assets. Also, a decrease in the fair value of the beneficial interest of \$40,021 has been recorded as permanently restricted activity for the year ended June 30, 2015 in accordance with the specifics of the trust in the statement of activities and changes in net assets.

The underlying assets of the Association's beneficial interest in the trust as of June 30, 2015 is summarized below:

	<u>Fair Value</u>
Cash and Equivalents	\$ 28,030
Fixed Income	329,902
Equities	849,860

The investments held by the trust are exposed to various risks, such as interest rate, credit and overall volatility risk. **NOTE 4. Permanently Restricted Net Assets**

Permanently restricted net assets have donor-imposed stipulations that they be maintained by the Association. As of June 30, 2015, the donors of these assets permit the Association to use all of the income on related investments for general purposes. The permanently restricted net assets consist of the following:

<u>Principal restricted by</u>	<u>2015</u>

Estate of Grace Boone	8,000
Robert Sands Memorial Fund	5,180
Louis C. Spring Trust	<u>1,344,316</u>
Total	<u>\$ 1,407,496</u>

*Interpretation of Relevant Law:* The Board of Directors of the Association have interpreted the law as requiring the donor-restricted contributions as being classified as unrestricted, temporarily restricted or permanently restricted depending on the nature of the restriction. The Association considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds.

- The duration and preservation of the fund
- The purpose of the Association and the donor-restricted endowment fund
- General economic conditions
- The possible effect of inflation and deflation
- The expected total return from income and the appreciation of investments
- Other resources of the Association
- The investment policies of the Association

*Return Objectives and Risk Parameters:* The Association's investment practice for endowment assets is to invest the funds in a conservative manner to provide a prudent rate of return.

*Strategies Employed for Achieving Objectives:* To satisfy its long-term rate-of-return objectives.

**NOTE 5. Fair Value Measurements (Continued)**

Level 1 - Inputs that utilized quoted prices (unadjusted) in active markets for identical assets or liabilities that the Association has the ability to access.

Level 2 - Inputs are other than quoted prices that are observable for the asset or liability, either directly or indirectly through market corroboration, for substantially the full term of the financial instrument.

Level 3 - Inputs that are unobservable inputs based on the Association's assumptions used to measure assets and liabilities at fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Fixed Income and Equity Securities – Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual Funds – Valued at the net asset value of shares held by the Association at year end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Association believes its valuation methods are appropriate and consistent with other market participants, the use of difference methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**NOTE 6. Pension Expense**

Effective July 1, 1994, the Association approved a defined contribution profit sharing pension plan under Internal Revenue Code Section 403b. The plan substantially covers all full time employees with no age requirement and the participating employees become fully vested after three months of service. Participation is voluntary, and the employee may contribute up to a certain percentage of their pay that is allowed under IRS 403b. The Association may make discretionary contributions in accordance with a percentage of salary determined each year. For June 30, 2015, the percentage was 5% of full time employees pay, which amounted to \$12,420.

**NOTE 7. Concentrations of Credit Risks and Uncertainties**

The Association's operations involve a number of risks and uncertainties. Factors that could affect the Association's future operating results and cause actual results to vary materially from expectations include, but are not limited to general economic factors, lack of government spending, and dependence on key personnel.

Financial instruments that potentially expose the Bucks County Association for the Blind and Visually Impaired to concentrations of credit risk consist primarily of bank and custodial accounts. The Association maintains cash in a demand checking and savings accounts at First National Bank of Newtown (FNB) which during the year the balances may exceed the federally insured limits (FDIC). The remaining cash and cash equivalents are deposited in custodial accounts with FNB, the Bryn Mawr Trust Company and Vanguard Group, which is not insured or collateralized.

The FNB operating, payroll and savings account are combined for the purpose of Federal Depository Insurance (FDIC), which is \$250,000. At times, such balances may be in excess of \$250,000 FDIC insurance limits on interest bearing accounts (SIPC insurance for investments, not including market losses) thus exposing the Association to a loss in the amount of the excess. There is no limit on FDIC insurance for non-interest bearing accounts. At June 30, 2015 the operating, payroll and savings account balances were covered by FDIC insurance.

The Custodial Accounts with various financial institutions at June 30, 2015 totals \$298,602 and is not covered by collateral held at the respected institutions nor insured.

**NOTE 8. Contingencies**

The Association is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the Association carries commercial insurance.
